- **How long have you been with your present company? And do you have their support for you to take on this role and to travel to 3-4 board meetings?**

I have been CEO of ORPC since the beginning of 2000, so almost 7 years. Yes, I have the support of both management and the board.

- **How long have you been in your present position?**

I have been CEO for almost 7 years

- **Briefly describe the responsibilities of your position and of your department or division as appropriate.**

I am the CEO of ORPC

- **Your work experience has provided you with an opportunity to develop important skills. As an NHA board of director, particular leadership and management skills are necessary to ensure that the Association receives policy direction and that it stays on course in responding to member's needs. Briefly describe the strengths and / or particular skills you would bring to the Board of Directors.**

I would say that I have strengths in three primary areas:

First, prior to ORPC, I had an over 20 year career in the investment world and served as a director on companies spanning a variety of industries, so I have a lot of experience advising leadership teams to help formulate strategic plans.

Second, while at ORPC, I have had to promote not only ORPC, but also the marine energy sector in general to generate investment interest in the sector. I believe that traditional hydropower can do a better job of marketing the opportunity for pumped storage and for adding power infrastructure to unpowered dams to the investment community.

Finally, as CEO of ORPC, I meet constantly with state and federal policymakers on a variety of topics including industry funding and permitting reform. These are areas where I believe I can provide value to NHA leadership.

- **Have you been actively involved in NHA over the last several years, served on committees, etc?**

I have not

- **If you are elected to the board, what are the specific priorities that you would pursue?**

Permitting reform

Helping NHA leadership to promote the industry as an investment opportunity

- **Is there anything you would like to add?**

No
